Attainment of COs and POs in P.G. Diploma in Computer Applications

Programme

Programme Code: PGDCA

Batch: 2022-23

1. Computation of CO and PO attainment

The skill development and performance of the students are measured and evaluated across the course outcomes periodically by the course teachers and the end semester examination. There are two components of assessment, namely, a formative assessment through Continuous Internal Assessment (CIA) and a summative assessment through an End Semester Examination (ESE). CIA comprises mid-term examination, class activity, assignment, powerpoint presentations, quiz, group discussion, debate, case study and field visit. ESE is the written and practical examination that measures CO attainment by evaluating conceptual knowledge, analytical and problem solving skills.

The attainment is measured at the course and programme levels. The benchmarks for CO attainment and PO attainment are set according to the OBE policy of the College. A standard template was designed for the computation of CO & PO in Microsoft Excel. The attainment is measured for each course outcome, course and PO in Excel worksheets.

2. CO Attainment – P.G. Diploma PGDCA

The attainment of course outcomes is measured using two attainment indicators: CO attainment indicator 1 and CO attainment indicator 2.

- i. CO attainment indicator 1 measures the attainment at course level based on the average marks of students of a batch attaining the course outcomes across all the courses of a particular programme.
- ii. CO attainment indicator 2 measures the attainment at course level based on the percentage of students of a batch attaining the course outcomes across all the courses of a particular programme.

Course Outcome Attainment Indicator 1 of P.G. Diploma PGDCA programme is shown in table 1.

Table 1: Course Outcome Attainment Indicator 1 - P.G. Diploma PGDCA

Attainment Levels		Attainment Status
Level 2	10	Attained
Level 1	0	Not Attained

Total number of courses: 10

Interpretation:

- Level 2: Average score of 55% and above in course outcomes of a particular course.
- Level 1: Average score of less than 55% in course outcomes of a particular course.

Table 1 indicates that out of the 10 courses of the P.G. Diploma PGDCA 2022-23 Programme, all courses have achieved the COs at Level 2. It is inferred that all the 10 courses have attained CO benchmark of 55%.

Course Outcome Attainment Indicator 2 of P.G. Diploma PGDCA programme is shown in table 2.

Table 2: Course Outcome Attainment Indicator 2 - P.G. Diploma PGDCA

3. PO Attainment - P.G. Diploma PGDCA

CO attainment implies PSO attainment. PSO attainment implies PO attainment. PO attainment is measured as the average percentage of marks obtained by all the students across all the courses of the programme that are mapped to a particular PSO. The attainment of programme outcomes is indicated at two levels. P.G. Diploma PGDCA 2022-23 has five programme outcomes. 10 courses of P.G. Diploma PGDCA programme are mapped to the five PSOs. Table 3 depicts the various levels of PSO attainment in P.G. Diploma PGDCA programme.
