- ▶ Take the Stones people through
- ▶ At you , and use them
- ▶ To build a monuments.

- ▶ From the success story of **Ratan Tata**, we all understand and learn so many things. As Entrepreneur, we should think big and achieve big. It's ok to see big dreams but it's not ok to give up on them. **Failures are the best teachers, they will try to let you down but you should step up and fight and give it back.**
- ▶ From the above success story of Ratan Tata. I hope you understand the insides and have inspired and motivated you. His life is inspiring and motivating not only for businessmen or entrepreneurs but also for humanity.
