

NOTICE

Taking note of the requests made by students and some of the guardians regarding promotion to higher semesters of their respective courses after having not been granted promotion, it is hereby advised that the handbook issued by the College at the time of admission to every student contains the provisions of different regulations governing the matter of examinations in respect of various courses, which are to be strictly followed while granting promotion to students in higher classes/semesters. Such students who have not been granted promotion to the next semester on account of having not cleared papers of earlier semesters are advised to examine the regulations relating to examinations as the College cannot act in contravention of such regulations for the reason that if any such violation is noticed subsequently, the degree as may be finally awarded to students upon completion of their respective courses itself would become invalid.

In a similar manner, the students who have not been allowed to appear in the examinations on account of shortage of attendance are also advised to go through the regulations framed in the said regard, which are also published in the handbook issued to the students admitted in the College. The College administration does not have any discretionary powers vested in it for granting exemption to any student with respect to the requirement of minimum percentage of attendance and therefore, any such request made by students cannot be legally acceded to.

Students and guardians are advised to kindly go through the handbook issued to every student which contains necessary information with respect to the course structure, regulations regarding examinations and other important information.
